

Upcoming Theme Issue Will Focus on Diversity and Cultural Competence | 1

Optometric Education announces that a future edition of the journal will focus on the theme of Diversity and Cultural and Linguistic Competence. The edition will focus on the diversity of our students, faculty and profession and all aspects of cultural and linguistic competence, including professional, organizational and individual responsibility.

The deadline to submit articles for this theme edition is Dec. 31, 2016. For additional information, contact [Gary Chu, OD](#), or journal Editor [Aurora Denial, OD, FAAO](#).
